

Purpose

What is this guide?

These guidelines will help you correctly and easily promote content available in Teams Store.

Feature Microsoft Teams Store badges every time you promote games, apps, software, and other content available in Teams Store. We have recently unified our stores to offer a simpler experience—we are introducing a single badge design.

Teams Store badge

Badge Generator

The [Badge Generator](#) is a simple way to create and get all the badge and hyperlinks to Microsoft Teams Store.

Badge artwork

The badge artwork is provided in .png format for low resolution web or onscreen communications and .pdf format for use in printed materials and high resolution web and onscreen placements. Only use the artwork provided here. Never create your own badges or alter artwork in any way.

Requirements

The Teams Store badge must be legible on all marketing communications in which you promote content offered on Teams Store. For all web communications you must provide a link to content in the stores.

Minimum size

In print, the logo should never appear smaller than .27in or 7mm tall. On-screen, it must appear at least 32 pixels tall. The "Get" badge is for online use only. Minimum size is 14 pixels and up to 31 pixels tall. When larger than 31 pixels, use the "Get it from Teams Store" default badge.

Clear space

Preferred clear space is equal to one-quarter of the height of the badge.

When badge is placed within very limited space, such as mobile device banners, minimum clear space is equal to onetenth of the height of the badge.

For print: 27 in or 7mm tall
For online: 32px tall

Minimum: 14px tall
Maximum: 31px tall

Preferred clear space is 1/4 of the height of the badge

Minimum clear space for limited space is 1/10 of the height of the badge
